

**Warning to Alley Parkers—'Don't!'**

"Warning, alley parkers—don't!" Such was the warning issued this week by Police Chief John Stroh. The local law enforcement head said that drivers who park in alleys, whether at night or during the day, would be cited for illegal parking. He said that the increasing numbers of cars being parked in the city's alleys was making collection of garbage, cans, and garden cuttings extremely difficult. In some instances fire trucks and other emergency vehicles could not pass due to the alley being blocked by parked cars.
